Dermatology® PC

Prescription Refills Your medical record must be available to the doctor when refilling your prescriptions. Any significant medical changes will be noted in the record at the office. Therefore, prescriptions will only be refilled during office hours.

Payment and Insurance Payment is due when our services are rendered. There is a consultation fee for the initial visit. Cosmetic or surgical procedures performed during office visits incur separate additional charges as do skin care products.

We accept cash, personal checks, American Express, Visa and Mastercard. Our biller will be happy to assist you in any way possible to insure that you obtain maximum reimbursement from your insurance carrier for covered services.

At **imageDermatology®**, our office hours are structured to facilitate in office cosmetic procedures. As they require extended visits, we regret that you will be billed for any missed/cancelled cosmetic procedures not rescheduled at least 48 hours prior to the appointment time.

Emergency Calls Dr. Downie is always available to you for true medical emergencies. If you have a medical emergency, please call the office phone number and listen to the emergency instructions.

Managed Care Patients Please bring your insurance card and a referral form that has been properly authorized from your primary care physician (if required by your plan).

Appointments

Late cancellation or missing an appointment often keeps Dr. Downie from seeing someone in need. We have instituted a policy to discourage this. Failure to give 48 hours notice of cancellation for an appointment or a procedure can result in a charge of \$35 or more being placed on your account. This charge cannot be billed to your insurance company. Three missed appointments can result in the patient being discharged from **imageDermatology®**.

Office hours

Tuesday	8:30am - 5:30pm
Wednesday	11:00am - 7:00pm
Thursday	8:30am - 5:30pm
Friday	8:30am - 4:00pm

The office staff is also present from Monday from 9:00am to 1:00pm for scheduling appointments, prescription refills and laboratory test results

Dr. Downie has been frequently featured on many television programs including The Today Show,

Good Morning America, The Early Show, The Dr. Oz Show, The View and The Wendy Williams Show.

Welcome!

We welcome you to **imageDermatology**[®], where we specialize in all aspects of dermatology, cosmetic dermatology and dermatologic surgery. We provide both adult and pediatric patients with competent, compassionate care using the most medically advanced procedures and techniques. Whether your goal is to achieve smoother and healthier skin, or you have a specific skin, hair or nail condition that may require treatment, **imageDermatology**[®] can help you look and feel your very best. *We will do our utmost to assure your satisfaction.*

To your health!

-Jeanine B. Downie, MD

imageConsultation

At your initial image consultation, we will address your cosmetic and medical concerns about your skin's present condition and create a personalized regimen to help you achieve your goal of creating an optimal image.

Dr. Downie is a strong promoter of Skin Cancer Screenings on behalf of the American Academy of Dermatology. As the incidence of skin cancer is increasing at an alarming rate, **imageDermatology**[®] offers comprehensive total body skin exams. These screenings check for moles and allow for early detection of both precancerous and cancerous lesions. These exams should be performed at least once a year and we respectfully request that all of our patients have one.
